*** 1 Identification of substance**Product details

- Trade name: **Finish Crystallizer AK2**
- Article number: 10848
- Application of the substance / the preparation: Surface protection
- Manufacturer/Supplier: AKEMI chemisch technische Spezialfabrik GmbH
Lechstrasse 28
D 90451 Nürnberg
Tel. +49(0)911-642960
Fax. +49(0)911-644456
e-mail info@akemi.de
- Information department: Laboratory

*** 2 Composition/Data on components**Chemical characterization

- Description: Mixture of the substances listed below with nonhazardous additions.

Dangerous components:

- | | | |
|-------------------------|------------------------------|--------|
| CAS: 16949-65-8 | magnesium hexafluorosilicate | <12.5% |
| EINECS: 241-022-2 | T; R 25 | |
| EU Number: 009-018-00-3 | | |

- Additional information: For the wording of the listed risk phrases refer to section 16.

3 Hazards identification

- Hazard description: Xn Harmful
- Information pertaining to particular dangers for man and environment: The product has to be labelled due to the calculation procedure of the "General Classification guideline for preparations of the EU" in the latest valid version.
Harmful if swallowed.
- Classification system: The classification was made according to the latest editions of international substances lists, and expanded upon from company and literature data.
- NFPA ratings (scale 0 - 4)
Health = 2
Fire = 0
Reactivity = 0
- HMIS-ratings (scale 0 - 4)
Health = 2
Fire = 0
Reactivity = 0

4 First aid measures

- General information: Immediately remove any clothing soiled by the product.
- After inhalation: Supply fresh air; consult doctor in case of complaints.
- After skin contact: Rinse with warm water.

Material Safety Data Sheet

acc. to ISO/DIS 11014

Printing date 01/12/2006

Trade name: **Finish Crystallizer AK2**

(Contd. of page 1)

- Measures for cleaning/collecting: Absorb with liquid-binding material (sand, diatomite, acid binders, universal binders, sawdust).
Dispose contaminated material as waste according to item 13.

7 Handling and storage

- Handling:
- Information for safe handling: Keep receptacles tightly sealed.
- Information about protection against explosions and fires: No special measures required.
- Storage:
- Requirements to be met by storerooms and receptacles: No special requirements.
- Information about storage in one common storage facility: Store away from foodstuffs.
- Further information about storage conditions: None.

8 Exposure controls and personal protection

- Additional information about design of technical systems: No further data; see item 7.
- Components with limit values that require monitoring at the workplace:
The product does not contain any relevant quantities of materials with critical values that have to be monitored at the workplace.
- Additional information: The lists that were valid during the creation were used as basis.
- Personal protective equipment:
- General protective and hygienic measures: Keep away from foodstuffs, beverages and feed.
Immediately remove all soiled and contaminated clothing.
Wash hands before breaks and at the end of work.
Do not eat, drink, smoke or sniff while working.
Avoid contact with the eyes and skin.
- Breathing equipment: Not required.
- Protection of hands: Protective gloves
- Material of gloves Natural rubber, NR
Chloroprene rubber, CR
Nitrile rubber, NBR
The selection of the suitable gloves does not only depend on the material, but also on further marks of quality and varies from manufacturer to manufacturer. As the product is a preparation of several substances, the resistance of the glove material can not be calculated in advance and has therefore to be checked prior to the application.
- Penetration time of glove material The exact break trough time has to be found out by the manufacturer of the protective gloves and has to be observed.
- Eye protection: Safety glasses
- Body protection: Protective work clothing

9 Physical and chemical properties

- General Information
 - Form: Fluid
 - Color: Pink
 - Odor: Weak, characteristic
- Change in condition
 - Melting point/Melting range: Undetermined.

None of the ingredients is listed.
- Product related hazard informations: The product has been classified and marked in accordance with directives on hazardous materials.
- Hazard symbols: Xn Harmful
- Hazard-determining components of labelling: magnesium hexafluorosilicate
- Risk phrases: Harmful if swallowed.
- Safety phrases: Keep out of the reach of children.
Keep away from food, drink and animal feedingstuffs.
Avoid contact with skin and eyes.
In case of contact with eyes, rinse immediately with plenty of water and seek medical advice.
Do not empty into drains, dispose of this material and its container at hazardous or special waste collection point
Wear suitable protective clothing.
If swallowed, seek medical advice immediately and show this container or label.
- National regulations:
- Water hazard class: Water hazard class 1 (Self-assessment): slightly hazardous for water.
